NO END TO THE BIG CROWDS.

THE big carpet and furniture SALE seems to have a strong hold on the public. It is astonishing to see the big crowds gathering daily at PATTOSIEN'S, corner 16th and Mission streets.

1500 rolls of carpet arrived which could not be canceled, and will be sold at 10 and 25 per cent less than regular prices.

Also a new line of new bedroom sets have been brought from the warehouse, which will sell at same low figures. A good saving for housekeepers.

ANTS KIDNAP THEIR FOES.

Raid Neighboring Villages and Carry Off Many Prisoners.

Dr. H. C. McCook tells of a species of kidnaping ants which make organized attacks on other ant villages for the purpose of capturing slaves. Here is an account of the attack:

"At last the muster is complete. Mysteriously, but effectively, the signal 'Forward!' is given, and the column moves from the hill. There is no regular alignment, but a show of solidarity, a holding of the ranks within close compass and touch—a 'rout step,' in fact. There is no general; there are no subordinate officers, but such is the sympathetic unity that they seem to move in response to one will and command. If every warrior is a law unto himself the law so binds and animates and compels all alike that the ends of an organized cohort are served.

"Assault, battle and pillage follow quickly upon the sortie. The objective point of the march is not far away. A hundred yards distant is a Fuscan village. The route thereto lies across the edge of a grove, over a footpath, along a fallen tree, under whose shelter and shaded by tufts of grass is the devoted commune. It is feeble in numbers, and there is a bare show of defense as the freebooters hurl themselves upon the hill and plunge into the open gates. The villagers flee at the first onset through unassailed or secret passages. Some run the gantlet through the assailing ranks. All who can carry a part of the family treasures—eggs, larvæ and pupæ. Like their Brobdingnagian brothers of the human race, when disaster befalls their first care is for their offspring. The fugitives mount into nearby clumps of low wood plants, whence they look down upon the devastation of their homes—with what feelings? For one must suppose that the midgets do feel, though sometimes he would fain hope otherwise.

"Meanwhile the invaders issue from the gates, bearing in their jaws the Fuscan young and occasionally an adult. They take the home trail, but not in ordered ranks. It is go as you please now. They are welcomed back by their black confederates, who receive the captives and take them—their very own sisters perhaps—into the domestic quarters. The soldiers hurry back to the scene of action, for their work is not yet finished."—Harper's Magazine.

The Saracens and the Moon.

The Saracens called the moon Cabar the Great, and the crescent still surmounts the Turkish mosques and is emblazoned on the green standard of the prophet. Schlegal mentions a story that Mohammed "wished to pass with his disciples as a person transfigured in a supernatural light and that the credulity of his followers saw the moon, or the moon's light, descend upon him, pierce his garments and replenish him.

"That veneration for the moon which still forms a national, or, rather, religious, characteristic of the Mohammedans may perhaps have its foundation in the elder superstition or pagan idolatry of the Arabs."

PICKINGS FROM FICTION.

Life is short—avoid causing yawns.—Eleanor Glyn in "The Damsel and the Sage."

A man's conscience is the best barometer of his ability.—Owen Kildare in "My Mamie Rose."

Women's counsel may not be worth much, but he who despiseth it is not wiser than he should be.—Amelia E. Barr in "The Black Shilling."

Human nature is not always at its highest level, and heroic sacrifices arise only from heartfelt motives.—Sir George Trevelyan in "The American Revolution."

Life is the only real counselor. Wisdom unfiltered through personal experience does not become a part of the moral tissues.—Edith Wharton in "Sanctuary."

Do not attempt to do a thing unless you are sure of yourself, but do not relinquish it simply because some one else is not sure of you.—Stewart Edward White in "The Forest."

Don't be fooled by a cheer or by a crowd. Cheers are nothin' but a breeze, an' as for a crowd, no matter who you are, there would always be a bigger turnout to see you hanged than to shake your mitt.—Alfred Henry Lewis in "The Boss."

Simplicity.

Simplicity is the crowning jewel of all virtues. Great messages, great truths, great discoveries and great events are ever simple in their elements. Simplicity makes the great nobler and lifts the obscure to places of eminence. It is the bright charm of innocent childhood and the radiant gem of the old and learned.—Maxwell's Talisman.

A Deep Scheme.

Mrs. Deepe—I thought you said the route was almost sure to be changed, so that our house will be cut out?

Mr. Deepe—It will be changed, and the parade will pass her house now.—Philadelphia Ledger.

Costly Scenery.

A young wife's rainbow smile—the kind that comes after a shower—is beautiful, but it is also the most expensive bit of scenery produced on the human face.—New Orleans Times-Democrat.

Every man has at times in his mind the ideal of what he should be, but is not.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation, or exposure, causing weak and watery blood, and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong steady nerves, and increasing the strength, building up solid flesh at the rate of 1 to 3 pounds a week. This means health. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures; as we have been doing this for twenty years we know our method to be the right one. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75 cents per box, or 3 boxes for $2, or sent by mail, on receipt of price. Write us for a pamphlet telling all about this great medicine. Address Dr. Bosanko Medicine Company, 128 S. Sixth street, Philadelphia Pennsylvania.

PICKING A BONE

isn't good form of course, but our meats are so good that it is hard to part with even the smallest portion. Beef, Mutton, Veal, etc. of such excellent quality is only obtainable here. We use the utmost care in its selection and see that it is properly kept for the short time it remains in our market.

Natural Result.

It is very reasonable to suppose if the foundation of a structure was removed that the building itself is bound to come down. This same principle can be applied to disease. Take a medicine into the system that will remove the cause of sickness, and the illness leaves of itself. Dyspepsia, indigestion, sick-headache and billousness, have their foundation in stomach disorders. Remove the other symptoms are no more. There is one cure for this that all druggists sell for 25 cents per box, it is called Dr. Gunn's Improved Liver Pills. They get right at the beginning of the diseases and make the cure by taking away the cause of it. We will send a small box free by mail, or a large box on receipt of 25 cents. TRUSTEE'S SALE.

IN ACCORDANCE WITH THE TERMS and under the authority of a certain Deed of Trust, duly executed by LAURA BROOKS and WILLIAM H. BROOKS (her husband) parties of the first part, to EDWARD B. POND and HENRY C. CAMPBELL, Trustees, parties of the second part, and the SAN FRANCISCO SAVINGS UNION, party of the third part, dated July 26th, 1898, and recorded in the office of the County Recorder of the County of San Mateo, State of California, in Liber 1 of Trust Deeds, at pages 65 and following:

And in pursuance of a resolution passed on the 26th day of February, 1904, by the Board of Directors of said San Francisco Savings Union, a Corporation, and the holder of the note, No. 14,956, to secure payment of which the aforesaid Deed of Trust was executed, declaring that default had been made in the payment of the principal sum and interest due under said note and Deed of Trust, and requesting and directing the Mercantile Trust Company of San Francisco, Trustee, and the successor in the premises of said Edward B. Pond and Henry C. Campbell, Trustees named in said Deed of Trust, to sell the real estate described therein to satisfy said indebtedness,

Now, the Mercantile Trust Company of San Francisco, Trustee, and the successor in the premises of the said Edward B. Pond and Henry C. Campbell, Trustees named in said Deed of Trust, does hereby give notice, that on

Wednesday, the 6th day of April, A. D. 1904,

at 12 o'clock noon of that day, and at the auction sales room of Shainwald, Buckbee & Co., Nos. 218-220 Montgomery Street, in the City and County of San Francisco, State of California, it will sell at public auction, to the highest bidder, for cash in gold coin of the United States, the pieces or parcels of land, situate in the County of San Mateo, State of California, described as follows, to wit:

According to the Official Plats and System of Surveys of the Government of the United States:

In township seven (7) south, range three (3) west, Mount Diablo Base and Meridian:

Of section thirty (30); the northwest quarter of the southwest quarter (N.W. ¼ of S.W. ¼); and the south half of the southwest quarter (S. ½ of S.W. ¼);

Of Section thirty-one (31); the northwest quarter (N.W. ¼);

In township seven (7) south, range four (4) west, Mount Diablo Base and Meridian:

Of section twenty-five (25); the southeast quarter of the southwest quarter (S.E. ¼ of S.W. ¼); and the south half of the southeast quarter (S. ½ of S.E. ¼);

Of section thirty-six (36); the northeast quarter (N.E. ¼); and the north half of the northwest quarter (N. ½ of N.W. ¼);

Containing in all, six hundred and forty (640) acres of land, more or less; together with the appurtenances.

TERMS OF SALE—Cash in gold coin of the United States; ten per cent. payable to the undersigned on the fall of the hammer; balance on delivery of deed; and if not so paid, unless for want of title (ten days being allowed for search); then said ten per cent. to be forfeited, and the sale to be void. Acts of sale at purchaser's expense.

Will Make the Season of 1904

—AT THE—

SWEENEY RANCH

One mile east of Redwood City

SERVICE FEE:

The season.....$15.00
To insure.....$20.00

DARNETAL III was bred by James Curran of Redwood City. He was sired by the registered French coach stallion Darnetal II, No. 2491; his dam a full-blooded Cleveland bay mare. He is 4 years old this spring, stands 16 hands and 3 inches high and weighs 1,600 pounds. He is a handsome mahogany brown, high headed and a high stepper with fine knee action. He was bred to a few mares as a two-year old and three of his yearlings can be seen at the Sweeney ranch.

DARNETAL II, the sire of Darnetal III, is a magnificent specimen of the French coach horse (demi sang corrosier). He is a blood bay, stands 17 hands high and weighs 1,500 pounds. Bred by M. Renault, Colomby, France. Sired by the great French government stallion Darnetal, No. 12381, by Utique (French government national stud). Dam La Pelote, by Lansborn (French government national stud).

His record of fifteen firsts prizes in the show ring, beating the best horses in France, Canada and California, show him to be the greatest horse of this breed that ever crossed the Atlantic. He is full blood and registered in both France and America.

His prize winnings are as follows: First prize at Government Concours of Alencon, 1891; first prize and diploma of le Pin, 1892; first prize at Caen, 1893; first prize at Paris, 1893. Bought for 12,000 francs in 1903 and imported to Canada. Struck by a Train.

An unknown man was struck by the south-bound train, which arrives here at 7:40, on Thursday night near Colma, and was brought here for treatment. Dr. Ross was summoned and found that the unfortunate man was suffering from a badly cut scalp. Application was made to have him taken to the jail but Jailer Kelley had no suitable place for him there. He was able to tell that he lived at Skelley's in Colma, so he was taken to that town on the 8:26 train.

Applies for Letters.

Manuel P. Dutra Jr. has applied in the Superior Court for letters of administration upon the estate of Anna Josefa Bettencourt who died in June, 1902, leaving an estate valued at $4,000. It consists of 40 acres near Halfmoon Bay. The only heir is the wife of the petitioner who was a daughter of the deceased.

Thousands Go East.

The Santa Fe is already taking people to St. Louis for the World's Fair. Thousands are asking what rates and accommodations may be had. In San Francisco the city ticket office of the Santa Fe has special clerks answering inquiries that come by mail. Every care is taken to see that details of the lowest priced as well as the most luxurious modes of travel are made plain to each inquirer. If you expect to go East this year, it would be well to address the Santa Fe, 641 Market street, San Francisco; or H. R. Sterne, General Agent, 21 South First street, San Jose.

NOTICE OF EXECUTRIX SALE OF REAL ESTATE.

Estate of ADOLPH SUTRO, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court, in and for the City and County of San Francisco, State of California, Department 9, made on the 3d day of December, 1903 in the matter of the estate Adolph Sutro, deceased, pending in said court, the undersigned Emma L. Merritt, Executrix of the last will and testament of Adolph Sutro, deceased, will sell as a whole at private sale, for cash, United States gold coin, and subject to confirmation by said Superior Court, ten per cent of the bid payable at the time of the sale and the balance upon confirmation by said Court on and after

Monday, the 28th day of March, 1904,

the following described pieces, parcels, and tracts of land belonging to said Adolph Sutro, deceased.

The property above referred to consists of the following described parcel and tract of land in San Mateo County, State of California, to wit:

Commencing at a point on the quarter-section line running north and south through section 14, township 3 south, range 6 west, distant southerly 25.48 chains, more or less, from the quarter-section post on the line between sections 12 and 13 of said township and range; running thence northerly along said quarter-section line running north and south through said section 14, 25.48 chains, more or less, to the said quarter-section post on line between sections 12 and 13 of said township and range; thence east 27.31 chains; thence south 16.28 chains, more or less, to the northerly boundary of the Burri Burri Rancho; thence S. 49 degrees 30 minutes W. along said northerly boundary line of said Rancho 29.02 chains, more or less, to an arroyo; thence in a generally north-westerly direction along said arroyo, to the point of beginning; being portions of Lots 1, 2, 7 and 8 according to the official plats of the survey of said lands as returned by the U. S. Surveyor General, and containing about 66.32 acres.

Also those certain lots, pieces, or parcels of land, situate, lying, and being in the County of San Mateo, State of California, bounded and particularly described as follows, to wit:

Commencing at the southwest corner of Third avenue and K street; thence running west along the south line of K street 92 feet to the lands of the Estate of Adolph Sutro; thence running at right angles south along the eastern boundary of the lands of said Estate 1038 feet 3 inches, to the north line of Burri Burri Rancho; thence northeasterly along the boundary line of said Rancho 120 feet 2 inches, to the west line of Third avenue; thence along said west line north 960 feet 9 inches to the point of commencement; said tract comprising lots 1, 2, 3, 4, 5, 6, 7, 8, 9, being the entire block No. 42 of the City Extension Homestead Association, according to the map filed in the office of the recorder of San Mateo county on the 15th day of October, 1870.

Offers or bids must be in writing and will be received and may be left at the office of said Executrix, Room 131 Crocker Building corner of Market and Post streets, San Francisco, or may be delivered to said Executrix personally or may be filed in the office of the clerk of said Superior Court in and for the City and County of San Francisco, State of California, at any time after the first publication of this notice and before the making of the sale.

Dated, San Francisco, March 12th, 1904.

Winnie Cutter commenced practice with Hank Harris' San Francisco Baseball Team this year, and will appear in the box with that aggregation. Cutter is a good steady pitcher and made a fine record in last year's league.

For the past month ex-County Clerk M. H. Thompson has been suffering from a severe cold, and on the advice of his physician he concluded to seek a milder climate in the hope that he would regain his former health. Tuesday night he left on the overland train for Tucson, Arizona. A large number of Mr. Thompson's friends were at the depot to see him off. It is to be hoped he will regain his health and that he will come back entirely recovered. Mr. Thompson intends roughing it in the country for a few months.

The next great attraction that will be seen at the Alhambra Theatre is the Cosgrove's Symphony Orchestra, which will be here on April 1st, under the auspices of the local Eagles. Judging by the many flattering recommendations that they are given, this must undoubtedly be one of the best attractions that has been to the Coast for a long time, and should without a doubt mean another great success for the local aerie, especially as they will have an orchestra of seven pieces to play for a dance until 1:30.

RAIN FELL IN TORRENTS.

Thursday's Storm a Reminder of Freshet of '79.

The storm of Thursday reminded the old timers of the ones that used to happen in Redwood in the late 60's and early 70's. During Wednesday night one of the gates at the Mound-street railroad crossing was broken off short by the force of the wind. E. P. Heise's large sign was blown down and one of the big cypress trees in the old school yard was uprooted. On the Island, because of the quantity of water from the hills and the overflow from the Hopkins reservoir, the creeks overflowed their banks and the whole section was flooded. Mr. Behrens was obliged to hire a buggy to get home; Judge Buck remained down town all day; John Coats waded while Hjalmar Holmquist and F. C. Bomberg waded and swam to their respective domiciles.

In the southern end of town, also, the water reached a high level and the youngsters in the neighborhood of the Murphy place had a fine time on hastily improvised rafts. The storm subsided as quickly as it arose and despite occasional showers, the sun shone most of the afternoon.

The last heavy storm of this character occurred about 1879. At that time the bridges leading to the school house were under water and the citizens had to provide themselves with gum boots and carry out the imprisoned children. Once about five years before that event the water rose very high on the Island and at that time Tom Lathrop and James Crowe hired all the boats in the neighborhood to be ready to save their household effects, should the water rise much higher.

His Suffering Over.

Fred Schmidt, a young man who was well known here, passed away at his home near Mountain View Monday after many months of suffering. The young man worked at the Frank tannery for several years prior to his illness and was the mainstay of his bereaved mother. He was a sober, industrious boy and had the esteem of all who knew him. The funeral took place from the Foresters of America hall at 2:30 p. m. Thursday, and notwithstanding the inclemency of the weather over sixty brother Foresters were present. Worthy Lecturer H. E. Holmquist conducted the services and read the impressive burial sermon in a very feeling manner. The deceased was a native of California, aged 21 years, and besides his mother leaves one brother and two sisters to mourn his loss.

Novel Contest to Start.

Robin Hood Circle, Women of Woodcraft No. 517, will start a "Who's and Which's" contest at their next meeting, March 17th. All members are earnestly requested to be present at that meeting as it is very important. The contest will continue until the installation of officers takes place in June, when the losing team will banquet the winning side. It is hoped there will be as much enthusiasm shown in this contest as in previous ones. At the next meeting the losing team of the last contest will give the winning side their well-earned banquet which came to a close in January last. Miss Edna Wilson, captain of the victorious team, and Miss Ruby Wilson, captain of the losing side. During this contest the Circle gained many new members.

HEALTH OFFICER.

SOUTH SAN FRANCISCO, March 5, 1904.—To the Honorable the Board of Supervisors of San Mateo County: I herewith submit my regular monthly report. The health of the county has been fair considering the season of the year. One case of diphtheria having been reported from the northern end of the county, the same quarantined and disinfected. Several nuisances have been reported and the same abated. During the month of February I have collected for burial permits $692 and for disinterment permits $40, making a total of $732 turned over to the County Treasurer, as per Auditor's receipt attached.

Attached please find a report from Dr. Fisher pertaining to the testing for and stopping the spread of glanders in the county.

Yours respectfully,
H. G. PLYMIRE, M. D.,
Health Officer San Mateo County.

To the Honorable Board of Supervisors of the County of San Mateo, State of California—Gentlemen: By reason of the recent decision of the Supreme Court of California in reference to the United Railroad tax, the court having decided that this county is not entitled to any tax as assessed by the State Board of Equalization, the following is a list of deficiencies in each of the funds:

The following-named liquor dealers who had previously applied were granted licenses:

First township—D. Ciocio, South San Francisco; bondsmen, W. S. Taylor and Frank Schwitzer. Lorenzo Simi & Co., South San Francisco; bondsmen, J. F. Johnston and H. W. Schaberg.

Third township—J. M. Williamson, Woodside; bondsmen, H. W. Schaberg and J. F. Johnston. Mrs. C. S. Dalve, Woodside; bondsmen, C. D. Hayward and J. F. Johnston.

Fourth township—Jos. Debenedetti, Halfmoon Bay; bondsmen, C. D. Hayward and H. F. Butts. McCormick & Winkle, Pescadero; bondsmen, John and A. O. McCormick.

The following liquor dealers gave notice of intention to apply for licenses at the regular April meeting:

First township—J. Jorgensen, South San Francisco; Thad Huber, near Ocean View; V. Bianci, Chas. Ericson, Finger & Blank, Chas. Schmidt and Luigi Guerra, South San Francisco; A. A. Long and John Clifford, Colma, and F. S. Price, Union Coursing Park, Colma; Manuel J. Custodio, Tanforan Park.

Third township—Thos. Fitzgerald, Menlo Park, and C. M. Uhlenberg, Woodside.

Agnes Pilling, aged 72 years and a resident of San Mateo, applied to the Board for aid. Chairman Coleman explained that he knew the applicant and she was a worthy person. On motion McEvoy seconded by McCracken, Mrs. Pilling was allowed $8 per month from date of petition.

The application of Mrs. C. Dalve and Mrs. Margaret Petri for a rebate on liquor licenses were deferred for one month.

A petition signed by William Pringle, John Pitcher, and others, was presented, asking for the appointment of Peter Gianocca as poundmaster of the Fourth Township. On motion of Debenedetti seconded by McEvoy, the office of poundmaster was declared vacant and the petition accepted and prayer of same granted. On a ballot being taken Mr. Gianocca received a unanimous vote.

The Union Trust Company of San Francisco petitioned the Board to have refunded to it the sum of $3 for taxes erroneously paid to the county on personal property belonging to Ellen Johnson of Beresford. The petition was referred to Assessor Hayward on motion of McEvoy seconded by Eikerenkotter. On the recommendation of that official that there was an error and that the amount should be returned, it was thereupon ordered that the sum of $3 be refunded to the company.

A map of W. J. Martin's subdivision of block 97 at South San Francisco was filed for record and accepted with the understanding that the streets and avenues delineated thereon were not included in the acceptance.

Major Sherman of the Sloat Monument Committee addressed the Board in support of a suggestion that this county place a stone in the Sloat monument at Monterey. The shaft is to be made up of a series of stones of uniform size and shape, each to be donated by some public body, the various counties of the State being given preference. There are 57 counties in the State and a total of 66 stones will be needed. The balance will be donated by other bodies. The cost will be about $200 per stone.

No action was taken on the application.

A petition was presented by D. Bromfield, on behalf of the Burlingame Land Company, for permission to lay a 6 inch sewer on Burlingame avenue and a portion of the county road. They desire to lay the sewers on the outer side of the rows of trees, instead of upon the space occupied by the bicycle path. On motion of McEvoy seconded by Eikerenkotter the application was granted, the work to be done under the supervision of Supervisor Coleman.

A petition signed by fifty persons was read, asking that a new school district be formed from portions of the Menlo Lark, Portola, and Redwood districts, and to be known as the Les Lomitas (little hills) district. There are fifty-five children within the proposed new territory and many lived three and four miles from any school. Accompanying the petition was the following communication from the Superintendent of Schools, E. M. Tilton, disproving the granting of same:

Redwood City, Cal., March 5, 1904.

To the Supervisors of San Mateo County, Gentlemen — As required by the school law, I present to your Honorable Board a petition for a new school district to be formed from territory belonging to the Redwood City, Menlo Park and Portola school districts.

I do not not approve of this new district as the granting of it with its proposed boundaries would mean the discharge of a teacher in the Menlo Park and Redwood City schools through loss of finances.

I respectfully call the attention of the residents of this proposed district to a law passed by the last legislature which provides for the formation of a new district without loss to the old one and also allows for the free transportation of the pupils in such outlying districts.

Under this law the taxpayers of such districts are saved all expense of providing new school buildings. They are further benefited by having the advantages of a graded school for their children.

Respectfully submitted,
E. M. TILTON,
County Superintendent of Schools.

The following protests from the Menlo Park and Redwood school trustees were read:

Menlo Park, Cal., March 2, 1904.

Miss E. M. Tilton,
Co. Supt. of Schools,
San Mateo Co., Cal.

Dear Madam—Due notice having been received from you by our school board that certain residents of the Menlo Park and Redwood City School District have petitioned you for the formation of a new school district from certain portions of the aforesaid districts, we, the members of the Menlo Park School Board, hereby respectfully enter our protest to the formation of the said new district, with the reasons for so protesting:

1st. The proposed new district will take from our census thirty-one children, thereby reducing our revenue from the State to the extent of about $500 (five hundred dollars), and, that instead of drawing for four teachers as is now the case, we will draw money but for three.

2nd. There is, we understand, a plan for the establishment of a parochial school near the Convent of Sacred Heart which will be free to the pupils of the school district. This school, when inaugurated, will doubtless draw some in average daily attendance from school, thereby reducing our revenue.

3rd. The school building at Menlo Park has ample room for all who wish to attend—three class rooms being unoccupied, and a large revenue is necessary to keep it in repair.

4th. The proposed boundary line comes within one and one-half miles of the Menlo Park School house, which we believe to be contrary to the spirit of the law.

5th. A number of the signers of the petition, while they have children of school age, these children will not attend the school for the reason that they are beyond the grammar school course, and are attending the high school.

6th. Santa Cruz avenue, the road which the majority of the children living in the proposed new district travel in order to come to the Menlo Park School has been recently put in excellent condition by being graded and oiled, and is easily traveled in both winter and summer.

7th. The present tendency is one of consolidation of school districts rather than the formation of new ones. This is done in the interest of better equipment, greater economy, improved teaching force, and the betterment of educational conditions generally.

8th. We are of the opinion that the establishment of this proposed new district is premature, and that the present conditions do not warrant its formation.

All of the above mentioned reasons against the formation of this new district, our Board would most respectfully call your attention and careful consideration, for we know that at the present time its formation will seriously affect our school.

Very respectfully yours,
TIMOTHY HOPKINS,
J. A. DONOHOE,
JAS. G. MASON,
Trustees of Menlo Park District.

Redwood City, Cal., March, 4, 1904.

To the Honorable Board of Supervisors of San Mateo County, Gentlemen—We have been notified by the County Superintendent of Schools that certain residents of Menlo Park and Redwood City school districts will present a petition to your body, asking the formation of a new school district to be made up of portions of the two districts named and a part of Portola, said district to take twenty census children from Redwood City district.

On behalf of Redwood City school district we desire respectfully to enter a formal protest against the granting of the petition. The formation of a new school district, taking such a large number of census children from us, will be a loss that may ultimately result in serious interference in the efficiency of our school work. Last year through the falling off census children our district lost the allowance due one teacher from the State, yet our roll of actual school attendants was not decreased. Had we dispensed with a teacher our class-rooms would have been over-crowded, much to the detriment of the school work. Rather than adopt this unwise policy we have have during the past school year, employed one more teacher than our apportionment warranted, using money for that purpose that might have under other conditions been more usefully expended. We hope during the taking of the next census to regain our loss of last year. Should the petition be granted this would be impossible, and it may be necessary to still further induce our corps of teachers.

The Grammar School of Redwood City district is one of the best equipped and best conducted schools in the State, having every appurtenance and detail needed in the thorough education of its children; and it will be our aim to keep it at its present high standard. If the theory of the greatest good to the greatest number is kept in mind we believe that your honorable board will see the inadvisability of curtailing our usefulness by reducing our territory or income.

We are informed that some of the signers of the petition do not send their children to the public schools of the county and would not have them attend the new school were it established.

We understand that the scheme, according to present ideas, is the uniting of districts rather than the dividing of them; and with this object in view the last legislature enacted a law permitting the consolidation of a number of adjoining district and allowing the transportation of children to and from school from distant locations. We believe that better results will be attained in the fostering of up-to-date graded schools than by the formation of small and poorly equipped districts.

While the adoption of the plan mentioned is at this time premature we wish to say that we as trustees have given it serious consideration, with the idea of bringing it into use for the benefit of those children who can not conveniently attend school in this city.

With these objections we leave the matter in the hands of your honorable board, trusting that you will give the petition serious consideration, keeping in mind its effect if granted, and believing that our interests are safe in your hands.

Yours very respectfully,
J. V. SWIFT,
H. STEINBERGER,
C. LITTLEJOHN,
Trustees of Redwood City School District.

J. B. Felix, one of the signers of the petition urged the Board to take some action towards providing a school for the fifty-five children residing within the proposed new district. He explained that the residents of that locality were lead to believe that when the bonds of the Menlo Park district were paid off they could then secure a school. As there is no indebtedness on either the Menlo Park or Redwood City school, he could see no valid reason why the request should not be granted. Mr. O'Connell also made a strong argument in favor of the petition. I. M. Davis said he had several children and could not send them to school, owing to the long distance. He said the formation of the new district was a dire necessity.

Geo. C. Ross who appeared for the Menlo Park and Redwood City trustees said the tendency of educators of the day was to concentrate the schools and not divide them. It were better to have a few good schools than many poor ones. He explained that the two districts affected had good graded schools that were doing excellent work, that if the prayer of the petition is granted they would each lose a teacher and the classes would therefore be crowded. The greatest good to the greatest number would be the result of denying the petition. J. B. Felix explained that if the district were formed there could be a union of districts which would give needed relief in that the children could, by an act of the legislature, be taken to and from their homes by conveyances paid for out of the Union district fund.

Supervisors McEvoy said that while he believed in concentration and not in dividing the schools, yet the petitioners needed relief and he would like to see some way clear to help them. He thought if the trustees of the Menlo Park and Redwood City districts were consulted some plan could be devised.

Hanse Aggard strongly advocated the new district. He said the locality was being retarded for the want of a school, and urged the Board to grant the prayer of the petition.

F. P. Hartley also spoke in favor of the new district.

Supervisor McCracken suggested that the trustees might be consulted in the matter.

On motion of McEvoy seconded by McCracken, the petition was deferred until Monday, March 21.

Bids were received for performing certain road work in the Canyada, as follows: Arnold Hess. $1370; F. E. George, $1,049. The engineer's estimate is $1398.

On motion of McEvoy seconded by McCracken, F. E. George was awarded the contract.

The following is the report of the committee having in charge the celebration for laying the cornerstone of the new courthouse:

Redwood City, March 4, 1904.

To the Honorable Board of Supervisors of San Mateo County, Cal., Gentleman — Your committee having in charge the arranging of a celebration in connection with the laying of the court house corner stone beg to report as follows:

We met on the afternoon of March 2d and regularly organized. Committees were appointed to take charge of the different features of the celebration, a program of which will shortly be issued. Hon. Geo. C. Ross was unanimously selected to act as President of the day. The selection of vice-presidents we have concluded to leave to you gentlemen with the recommendation that each of you choose one from each of the voting precincts of your district. Trusting that this recommendation will meet with your approval and early action, and awaiting any suggestion you may have to offer we are,

Yours very respectfully,
THE COMMITTEE.
P. P. Chamberlain,
Chairman.
J. V. Swift, Secretary.

The claims of the American-Hawaiian Construction Company for $3990 and $714.87 objected were to by McEvoy on the ground that the Superintendent had made no report of the extra work done by the contractor. After considerable discussion the claims were finally passed without McEvoy's approval.

In response to a request the Court House contractors submitted a written proposal to construct the building of stone instead of brick. The price of dressed stone, including carved work complete throughout is placed at $57,900, and for rough stone $51,000.

Accompanying the bid was a drawing showing the structure with stone finish, and it was a really beautiful picture.

The opinion of all was that the dressed stone proposition was most desirable, and that the price quoted was extremely reasonable.

It was the wish of the large audience present, made up of citizens from various parts of the county, that the bargain be closed at once, but owing to the lateness of the hour when the matter was reached it was decided to hold an adjourned meeting on Monday next to dispose of the question.

The next meeting will be open to any citizen of the county who may desire to be present.

On Monday the work of re-precincting the county for election purposes will be taken up.

SENSATIONAL CONTEST OVER.

McDermott Will Contest Case Decided in Favor of Contestants.

Tuesday Judge Buck rendered a decision in the famous Bridget McDermott will contest case in favor of the contestants. Mrs. McDermott died December, 1902, without leaving a will and shortly afterward James Maguire of Oakland was appointed administrator. Last June Mrs. Annie Burns, a niece of Mrs. McDermott, came forward with a document purporting to be the last will and testament of the deceased. By the terms of this will the sum of $7500 was bequeathed John Fannen, a young man who had lived with the deceased, and the residue of the estate was left to Mrs. Burns who was to be made executrix. The heirs at once attacked the genuineness of the will and after a long bitter struggle in the probate court, the matter was finally submitted to Judge Buck for his decision, which is as follows:

In the Superior Court of the County of San Mateo, State of California.

In the matter of the estate of Bridget McDermott, deceased.

Bridget McDermott of San Mateo, this county, died on December 30, 1902.

No will being found at the time of her death, letters of administration of the estate of said deceased were issued on March 7, 1903, to James McGuire, a brother of said deceased. On May 2, 1903, a petition was filed in this court by Mary Anne Burns setting forth, among other things, that said deceased left a will; that it was lost, and praying that said lost will be established and admitted to probate as the last will of said deceased. Thereafter, on May 28, 1903, a will alleged to have been executed by said deceased on November 24, 1902, was filed in this court, with a petition, by said Mary Anne Burns for its admission to probate and the issuance to her of letters thereon.

To this last petition contests, based upon several grounds, were filed, the only one urged at the hearing being that Bridget McDermott of San Mateo did not execute the will in question. The matter was tried before the court without a jury. There has been much evidence presented to the court in this matter. Able arguments have been made, and I owe an apology to the gentlemen who have devoted so much time in the preparation and presentation of this matter for this concise opinion.

I first assume the principle laid down by our Supreme Court that "in favoring the heir of a decedent every presumption is against testacy." Now in the case there is not a particle of direct testimony that Bridget McDermott of San Mateo made a will on November 24, 1902. On the contrary, there is positive testimony that she did not make a will on that day. There is a presumption, however, that she did make a will on that day.

And while our Supreme Court has held that "a presumption is evidence which may outweigh the positive testimony of witnesses against it, and the evidence of the presumption should be accepted if the proof offered in support of a fact is not satisfactory;" yet I do not think it proper to follow the able argument of the proponent of the will along these lines. Nor do I think it wise or proper to dispose of this large estate upon any such theory.

Both of the witnesses to the will have been examined—one in open court and one by deposition, and no reason appears why its execution, if it were properly executed, could not have been shown by them. It is a very simple matter to prove the due execution of a will, especially under the issue raised in this matter, and where it is executed just a short time prior to its presentation for probate and both of the subscribing witnesses give testimony. There is nothing about such a matter that is intricate or abstruse. It is a plain proposition of the identity of the parties present, of the making of the will and of the signatures thereto.

The due execution of this will has not been shown, and only by indulging in presumption against positive proof could I find from the evidence that Bridget McDermott of San Mateo executed the will in question. I do not think it is right for me to indulge in such a presumption.

Judgment will be entered in favor of contestants.

March 8, 1904.

GEO. H. BUCK, Judge.

Geo. C. Ross and J. J. Barrett of San Francisco represents the administrator of the estate James Magnire and W. H. Chapman appeared for Mrs. Burns. The estate is estimated to be worth $100,000.

Will Tour the East.

Dr. J. L. Ross, accompanied by his wife, will leave this city on the first of April for an extensive trip through the United States. After a few days in New Mexico they will journey to Texas and from there make a tour of the Southern States. While absent the Doctor will spend the greater portion of his time in taking a practitioner's course in surgery in the Philadelphia Polyclinic, one of the best known colleges for graduates in the country. It is annually visited by doctors from all parts of the United States, to keep in touch with the modern methods of their profession. Mr. and Mrs. Ross will be gone eleven weeks. They will return by way of St. Louis to spend a few days at the World's Fair. Before starting west the Doctor will visit his boyhood home in Macomb, Illinois, where his young daughter now resides.

New Citizens.

Manuel Borba, a native of Portugal, was admitted to citizenship in the Superior Court Thursday on the testimony of Joe Roza and J. S. Bernardo.

John Gabreil was also admitted to citizenship upon the same testimony.

MENLO PARK OCCURRENCES

Large Attendance at the Gaelic Meeting.—Storm Caused Havoc Among Trees.

MENLO, March 11 — The Payne family will be here the first of the month.

E. L. Eyre and family have moved down from the city to occupy their Fair Oaks home for the summer.

William Burke and wife have moved h re from Sausalito and will make Menlo Park their permanent home.

The rainfall for the present storm as recorded by the rain-guage at the depot, is one and three-quarters of an inch.

Last Sunday a daughter was born to Mr. and Mrs. Smike Parker. The proud father says the little Miss is destined to be Menlo Park's future belle.

Mr. Morton, president of the Miller, Sloss & Scott corporation of San Francisco, was here Tuesday endeavoring to secure a derirable residence for the summer.

Senator C. N. Felton arrived here from the East last week. During his absence he spent much time in Washington and Philadelphia at the home of his daughter, Mrs. Elkins.

John McBain has commenced the erection of a large greenhouse for J. Henry Meyer. When completed it will be filled with rare plants and choice exotics which Mr. Meyer is procuring.

Now that there has been reopened a reliable and much-needed drugstore in Menlo, would it not be wise, asks a subscriber, to encourage and support it by giving it our entire patronage, thus insuring its permanency?

Sewer pipes are being laid on Oak Grove avenue and soon the system will extend through town. It is most likely that the trustees of the Sanitary district will shortly issue an ordinance compelling all property owners to connect with the sewers.

Last Wednesday an incipient fire started at the residence of P. W. Selby at Fair Oaks. It was caused by a defective flue. The blaze spread to the walls, but by removing the floor of the upper chamber of the building it was put out before it had gained much progress. Very little damage was done.

There is a big demand here for summer homes by business men of San Francisco. Every day inquiries are being made. Nearly all the desirable places have already been rented. It is understood that many new buildings will be erected in the Atherton tract, near the Sacred Heart Academy, this summer.

Edward Weeden has returned from a five weeks' trip to Arizona and New Mexico. He is much impressed with the country and says it is a good place for a young man to begin a successful career. There are excellent business opportunities for energetic and progressive men. He predicts a great future for the country.

Last Saturday evening the Ready and Willing social club gave another of its functions, at which twenty guests and members were present. At the banquet that followed the routine business of the club; oysters on the half-shell and duck a la mode were served. The vocal selections rendered by Jack Malone were a feature of the evening.

The handsome ten-room residence of W. O'B MacDonough was completed this week by John MacBain. It is a well appointed building, commodious, with all the modern conveniences to bring comfort to its occupant. The construction was under the supervision of Thomas Cochrane, who will superintend the building of the Rodden residence at Fair Oaks.

W. T. McKinney, the well-known harness maker of Gilroy, has leased the old shop in the Maloney block. He will do all kinds of repairing as well as carrying a full line of harness goods. Mr. McKinney comes to Menlo Park with the highest recommendations both as a skillful mechanic and citizen of integrity and honor. He is deserving of the patronage of the public.

The strong winds of Wednesday night blew down quite a number of trees in this vicinity, although the damage is not very serious. The old ballground at Fair Oaks was nearly inundated from the stream that flows from the outlet of Bear Gulch lake. Not in years was the San Francisquito creek so full as it was on Thursday morning. In several places it nearly overflowed its banks. The Burke dam was swept away, giving the salmon free access to go further up the creek.

P. N. McCaffrey of Salt Lake City, accompanied by his wife, was here on a visit to Edward Headley last Sunday. For some time past Mr. McCaffrey has been head of the construction work in Utah for the Southern Pacific Company and Mr. Headley was his able assistant. He is shortly to take charge of the work of constructing the Bay Shore cut-off road, which will take two years to complete. When this road is in operation it will shorten the distance between here and San Francisco considerably, so that one can go to the city in forty minutes, if not in less time.

The Gaelic League held an important meeting last Sunday evening. There was a large attendance and all took a deep interest in the instructions imparted by the Professor. The movement is supported by the leading men of the community and it is thought the membership will be doubled before long. At the conclusion of instructions Sunday the class was regaled by Professor P. J. Maloney and Professor Dennis Casey in relating Irish legends in the Gaelic language. Irish songs were sung by Miss Fannie Hausman and Professor Edward Slack. A beautiful poem full of patriotic sentiment was well recited by David Kirby. Fathers Lyons, Bailey, Lande and Powers, also entertained the class in telling humorous stories of the Celtic race. The next meeting will take place Sunday evening at 7:30 o'clock.

The Russo-Japanese war, the Smoot-Smith incident in the United States Senate and the woes of the County House enthusiasts, have paled into insignificance before the great topic that now engages the attention of all Menlo. The great topic, needless to say, is the coming St. Patrick's Day celebration. For that event preparations are now complete. Talent of rare excellence has been provided. The glories of Ireland will be portrayed by competent artists, and an all-round good time is expected. The following program will be rendered: Instrumental selection, Miss Fannie Hausman; Gaelic Song, (The Wearing of the Green) juvenile choir, Church of the Nativity. Four-hand reel, Misses May Hanley, Mabel Pratt, Nina Haslip, and May Rogers; Recitation, Mr. William Judge; Duet, Miss Jennie Farrell and Master Joseph Kelly; Oration, "The National Poetry of Ireland", Rev. Philip O'Ryan; Irish Hornpipe and Jig Dancing, Misses May Hanley, Mabel Pratt, Nina Haslip, and May Rogers; Soprano Solo, Miss Annie Rooney; Recitation, Mr. David Kirby; Farce, produced by Mr. Frank P. Scully and Miss Agnes Rankin.

TAX-PAYERS

—OF THE—

COUNTY OF SAN MATEO

For the Year 1904.

ALL TAXPAYERS ARE REQUIRED BY LAW to annually make and deliver to the Assessor a statement, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock meridian on the

FIRST MONDAY IN MARCH.

Accordingly, you are requested to fill out the assessment blanks in question and deliver the same at the office of the Assessor immediately, making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person refusing to a fine of $100.

A State Poll Tax of $2, if paid before the first Monday in July, and if not paid until after said date, then $3 is required of every male inhabitant of this county over 21 and under 60 years of age, except paupers, insane persons and Indians, not taxed; and a demand upon all persons liable therefor is hereby made for the payment of same, either at this office or to the deputies in the field.

Any information relating to the assessments will be furnished upon application to the Assessor's office. D. D. HAYWARD,

The Celtic Affirmative.

In the speech of so highly developed a people as the Celts there is no equivalent to "yes." ORDINANCE NO. 44.

An Ordinance Establishing a Municipal Election Precinct in and for the Town of Redwood City.

THE BOARD OF TRUSTEES OF THE Town of Redwood City do ordain as follows:

SECTION 1. A municipal election precinct is hereby established in and for the Town of Redwood City, which shall be known as "Municipal Election Precinct Number 1."

Section 2. Said municipal election precinct shall be bounded as follows:

Beginning at a point in the County of San Mateo, State of California, where the northerly line of the county road leading from San Francisco to San Jose intersects the westerly line of the lands formerly owned by J. O. Earl; thence northeasterly along the said westerly line of said lands formerly owned by said Earl to its intersection with the southerly line of the lands formerly owned by Myles D. Clock Plant.

The clock plant is a native of Borneo, and in that country even it is said to be rare. The plant derives its name from its peculiar habits, which are known to but few who have not studied it from a scientific standpoint. The plant has leaves of two sizes, one of which acts in the capacity of a minute hand, which keeps moving until 4 o'clock in the afternoon, and the other keeps going until morning. The larger leaves act as the hour hands. Starting in a position when all the leaves lie close to the stem, with the points hanging down, they rise gradually until they turn toward the top, and then they drop to their former position. It takes the smaller leaves about one minute to go through this performance and the longer leaves just about an hour.—Melbourne Times.

A Bornean Weapon.

The Bornean mandau, or "head taker," is a modification of the Burmese dah. It is a heavy, thick bladed cutlass, from twenty to thirty inches long, and the edge is ground from the right side only, the left side being forged slightly concave. The blade is also slightly curved to the right, so that the cutting action of the weapon is like that of an enormous gouge. Only two strokes can be dealt with the mandau—from right to left downward and left to right upward.—Chambers' Journal.

Indication of Interest.

"Teacher is interested in you, pa."

"How so?"

"Why, today, after she told me seven times to sit down and behave myself, she said she wondered what sort of a father I had."—Cleveland Plain Dealer.

WHY MOTHERS WORRY

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

Scott's Emulsion not only gives a child weight and plumpness, but it feeds the brain, bones and nerves with strength and active power.

Fewer mothers would worry if they knew more about Scott's Emulsion.

Scott's Emulsion is substituted by cheap emulsions and so-called wines, cordials and extracts of cod-liver oil. They can do you no good and are dear at any price. Why buy them? Scott's Emulsion has been the one reliable preparation of cod-liver oil for nearly thirty years.

We'll send you a sample free upon request.

THRO' THE HEART OF THE ROCKIES.

THE Rock Island System forms a part of the Scenic Line across the continent, thro' Salt Lake City and Colorado Springs to Omaha, Kansas City, Peoria and Chicago.

Through car service is as follows:

Standard sleeper daily San Francisco to Chicago. Stops five hours at Salt Lake.

Through tourist sleepers from San Francisco, Wednesdays, Thursdays and Fridays.

Regular daily train service via El Paso.

The trans-continental traveler who has never seen Utah and Colorado from a car window, does not know how wonderfully beautiful the best scenery in the United States is. For hundreds of miles the line runs in full view of snow-capped peaks, rushing rivers and through frowning caverns. Take it for that reason alone, if you wish, but also because no other line crossing the continent surpasses it in excellence of service.
